1. Draw a circle
2. Using same radius
Place compass point on
the circumference
and make an arc
3. Make 6 arcs
around the circle
using same radius

4. Place point of compass
on each arc using
the same radius and
connect arcs with
an arc.

5. With point of
compass on each
dissection/arc
draw a complete
circle... using
same radius!!
Viola!
6. If you want draw
a bigger circle
around the
pattern.
